Drupal 7 Search Introduction Welcome! > More

### Welcome!

This online course is prepared for live, in person delivery. You can take this course at two upcoming events with Nick Veenhof, Senior Search Engineer at Acquia:

- Drupal Gov Days, Washington DC. Aug 2013
- DrupalCon, Prague. Sep 2013

This course will be available online for self-paced learning in Oct 2013.

#### About this course

Who this course is for: Those who are familiar with site configuration and content modeling in Drupal 7.

If you have any questions, contact us at [training@acquia.com](mailto:training@acquia.com) We welcome your feedback. <https://www.acquia.com/training-feedback>

#### How to navigate this course

Your instructor will give short presentations and demos at the start of each section. Then you'll come back here and visit a specific exercise.

## Acquia Search Training

To progress through the modules contained in the course please "Mark as completed and continue" at the bottom of each page.

The screenshot shows the Acquia Search training interface. At the top, the page title "Drupal 7 Search Intro" is highlighted with a red box and the text "Click page title to navigate". Below the title, there is a list of steps for preparing the course. The first step is highlighted with a red box and the text "Click unit titles to browse". To the right of the main content, there is a sidebar with a list of units. The first unit, "Before you attend: Get set up!", is highlighted with a red box. Below the sidebar, there is a red arrow pointing to a button labeled "Mark as completed and continue" with a right arrow. Above this button, the text "To get started, click 'Mark as completed' below!" is displayed.

Drupal 7 Search Intro **Click page title to navigate**

To prepare for this course, you'll need to get a copy of the sample site files, or you can install your site and Solr locally.

**Click unit titles to browse**

1. Download the sample site file, approx 40 MB. (@todo - get link)
2. The zipped archive contains the site folder as well as a data file.
3. Download the file, and unpack the archive. On Windows

Welcome!

BEFORE WE START
